

Do you want to meet amazing people with amazing stories?

THE FERN HILL FILM ACADEMY

Film Academy will be interviewing a person of local interest. Joining the pantheon of subjects students have documented in the past; from Olympians, the former Head of NATO, author Jaqueline Wilson, Pop Stars, Jewellery Designers, a Military Medic, the first woman to run around the world, a BA Pilot, Scientists, Actors, Professors, professional sportsmen and women and YouTubers.

We empower our crews to write, storyboard, film, light, sound record, produce re-enactments, compose & perform soundtracks and source archive footage and photography to bring their films to life.
